Montessori Teaching Diploma Program

What is NAMC?

The North American Montessori Center (NAMC) in Canada has been in operation since 1996, providing professional Montessori distance education programs to individuals throughout North America and around the globe.

What is Montessori?

The Montessori method of teaching aims for the fullest possible development of the whole child for life's rich experiences. Montessori teachers are trained facilitators in the classroom to assist and direct. They stimulate the child's enthusiasm for learning and to guide it, without interfering with the child's natural desire to teach himself and become independent.

Our distance education program offers a comprehensive curriculum, gives you a better chance to acquire employment in Montessori environments. If you love children and want to teach, we recommend this course to you.
