# MESSAGE TO CAMPERS

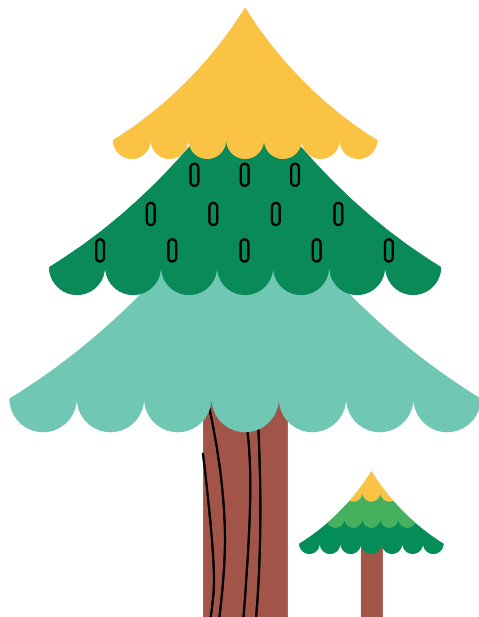

Building Strong Kids, Building Champion Childhood.

Camping is a life experience; it is an attitude towards life. Be creative, be persistent, be charming, be witty, be positive, be a champion in life. In camp, children learn about confidence: that “I can” is much more powerful than “I can’t”. They discover their talents and passions through challenges by choice. All campers are warmly accepted simply as who they are. Campers will be encouraged to try new things and challenge themselves at a pace they are comfortable with and be successful at them, during this process, YMCA values will be embedded as well which includes cultivating campers’ body, spirit and mind.

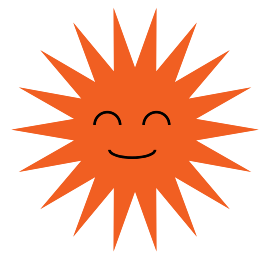

YMCA Camp is a place where caring, courage, and other characters are born. Whether your family is new to camping or you are one of our many expert campers, we look forward to sharing another joyful Summer season with you. Please visit our website or contact our camping office to find out more about camps.

Yours,

*Camping*  
Camping Team

# WHO ARE WE?

Thanks to the support of our parents, YMCA has become a household name when it comes to summer camps, this also gave us the privilege of being able to carefully select our Camp Leaders who are passionate about camping. They are exclusively university students from both local and overseas and are all fluent in English. Our camps will be delivered entirely in English by them, and they will also be put through extensive training to ensure their camp leading ability is up to par.

Campers also gain a sense of global citizenship while acquiring insights on foreign cultures, having leaders from various backgrounds acts as an opportunity for diversity hence acceptance to other groups of people can subsequently be fostered. Therefore, we strongly encourage our campers to converse with them and hear what they have to share about their countries.

To show solidarity and unity, we are working in collaboration with international YMCAs to have leaders come in from countries all over the world with the goal of empowering youth and leaders of the future in the process. They are all veteran camp leader in their own countries and will be able to bring new elements to the table.

# Urban Forest

## Explorer Day Camp – Urban Forest

Instead of mass games, children nowadays have ipad. Instead of toys, they have apps. Nature creates opportunities for children to be inventive. The medium, through which children interact in nature, whether it is mud puddles, picking up green leaves, or shells picked up along shoreline, are tactile and interactive in a way that a touchscreen can never be. In this camp, we seek to foster an appreciation of our nature, and the love of nature; by inviting the campers to explore the world around them through indoor and outdoor experiential learning. Campers learn about nature while having fun, being safe and discovering new ways of seeing and doing things with joy. Climb into a week of fun with the nature and enjoy the beauty of it!

## Scientific Blast

### Explorer Day Camp

Science is interwoven throughout every moment of our lives! Why does ice melt? Why do sheep and cows sleep standing up? If you sneeze with your eyes open will they pop out? Everything we do and deal with in life is science from cooking, playing ball, swimming and understanding how technologies work to watching a rain storm. In this camp, campers are going to embrace experiences with their potential to question and explore the world around them every day with different activities. Jump into a week of fun with infinite experiences and explorations!
